Overview

108 pcs of Milesight network cameras and 3 pcs of Milesight NVRs were installed in Thailand's most famous gas stations of PPTOR. Milesight network cameras with advanced technologies and full-featured NVRs accomplished comprehensive surveillance solutions to secure the whole area of the gas stations including their affiliated retail stores.

Background

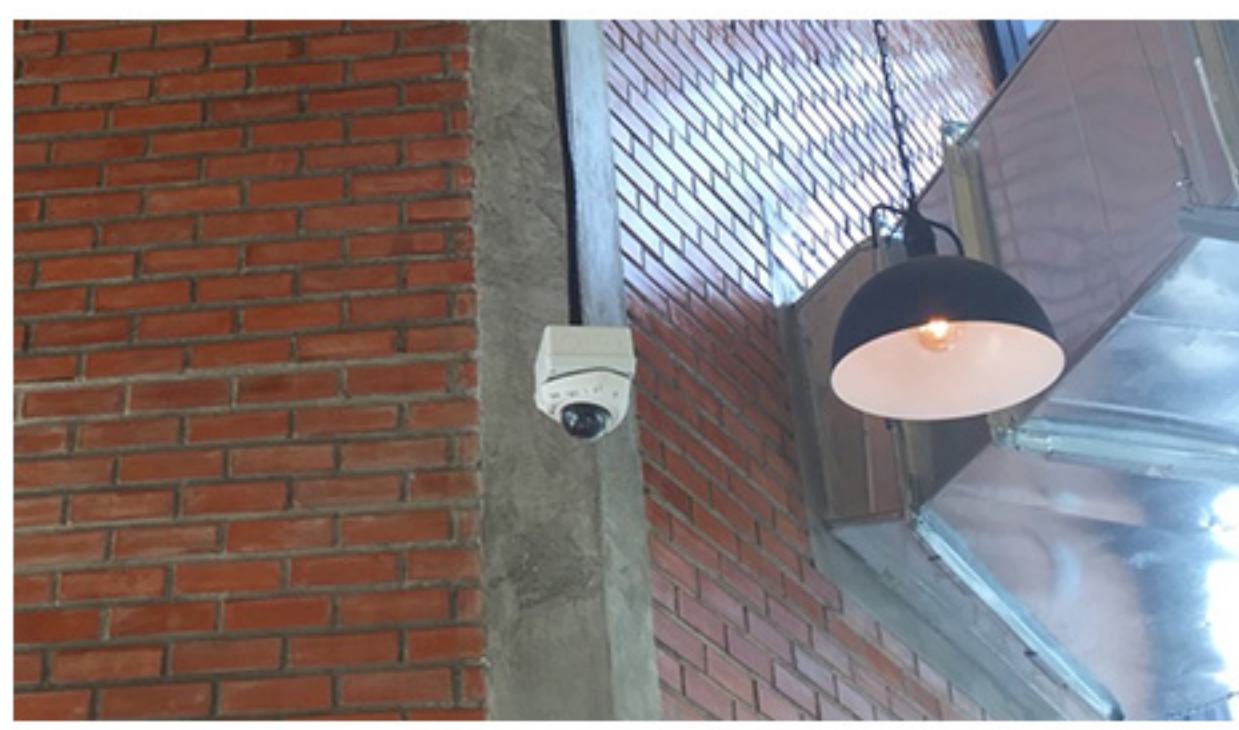

PTT Oil and Retail Business Public Company Limited (PTTOR) is the flagship company of PPT Group. And as an important business of PPTOR, the gas stations' safety is paid high attention to. It needs to increase security in the lives and assets of all customers and staff. Milesight high-quality and advanced technology-based products perfectly fit the need.

Challenge

As a public area, gas station has to meet many people and cars come and go, also amount of oil store at the station. It is a special place which should be taken care of, so that a well functional and high quality surveillance is an urgent need to make sure the safety.

Solution

Milesight total solution, both IP cameras & NVRs, were chosen for the gas stations at Nakhon Pathom, Ayutthaya, Prachuabkirkhan. 42 pcs of Motorized Mini Bullet Network Cameras, 42 pcs of Mini Bullet Network Cameras, 24 pcs of Vandal-proof Mini Dome Network Cameras were installed in both the gas stations and its affiliated retail stops. And 3 pcs of 4K H.265 Mini PoE NVR 1000 and 3 pcs of 4K H.265 Pro NVR 7000 were used to manage all the cameras.

Excellent Image Quality

According to actual operation environment, the image quality is what really matters to the monitoring cameras. For example, in the refueling area, it should be clear to see the plate, model and color of cars and the payment process should be viewed legibly too. Other places like oil unloading place are dark with limited light, the low light feature shows its importance. All Milesight Motorized Mini Bullet Cameras, Mini Bullet Cameras and Vandal-proof Mini Dome Cameras feature 140dB Super WDR and up to 0.002Lux Ultra-low Light really meet the need of the lighting environments.

High Technology

Both Milesight network cameras and NVRs own Milesight advanced technologies. The H.265+ Smart Codec helps to save 70%~80% bandwidth and storage when compared with H.264. And the long period recording time also makes the gas stations choose us. Meanwhile, the unique Dual LAN interfaces design of Milesight Pro NVR 7000 is what we beyond other. It has three network working modes including Multi-address, Load Balance and Net Fault-tolerance to face different kinds of situation.

Result

Till now, the famous Gas stations of PPTOR in Nakhon Pathom, Ayutthaya, Prachuabkirkhan are all well protected by Milesight Surveillance System. The gas stations increased their situational awareness, allowing security operators to monitor and protect all the employees and visitors. There will be more and more gas stations of PPTOR around Thailand secured by Milesight Surveillance system in the future, and we are glad to create a safe environment for our Thailand friends.
